MEMORANDUM FOR: DEPUTY FOR POLICY COORDINATION, SE

SUBJECT: Daily Progress Report, Monday, 14 January 1952

1. BOFIEND. Cabled information from Rome has clarified the AP release of 8 January in regard to alleged overtures by the NCFA. [ ] reports that the Committee News Bulletin published an open letter to the Greek, Italian, and Yugoslav Governments asking for an affirmation of territorial integrity. The open letter seems to have been picked up and expanded by the Associated Press office in Rome.

A cable [ ] requests that BOFIEND send \$150 and two CARE packages each month, through a cut-out, to the Pine Team, presently located in Prisren, Yugoslavia, for the winter.

A resume of the proposed Valuable operations program for 1952 has been received and corresponds with the general policy laid down at the October Rome meeting. However, clarification has been requested from the field in regard to a British statement that they were proceeding with their operations on a unilateral basis. The likelihood exists that British support of the BK at the expense of the NCFA may have serious consequences for future FIEND/Valuable relations.

2. BGCONVOY. [ ] the BGCONVOY liaison man in Germany, suffered injuries apparently more serious than at first realized. A replacement for him will be necessary.

3. JBEDICT. A meteorologist on loan to CIA/opc [ ] from the CAA, Department of Commerce, reported to representatives of JBEDICT today. He has returned to Washington for consultation with CAA and CIA/opc, *in regard to possible change of*

[ ] A staff employee of Athens CIA/opc station reported to Washington headquarters today to begin training.

4. OXEROIL. The cover for the broadcast unit chief's recruiting trip in Europe has been arranged with the Voice of America. He will depart probably the middle of February.
